As the best-selling air conditioner in the world, the Mach 3 PLUS™ is also one of the best air conditioning values available.

The Mach 3 PLUS™ features large evaporator and condenser coils with raised lance fins to help dissipate heat. It has a solid 13,500 nominal BTUH cooling capacity and delivers 320 CFM (cubic feet per minute) or 543.7 CMH (cubit meters per hour) airflow.

Add the optional Heater Assembly and you'll have 5,600 BTUHs of heat for cooler outings.

You can count on the Mach 3 PLUS™ for reliability too. All-Copper tubing and gas-flux brazed joints ensure durability and long life for your air conditioner.
**MACH 3 PLUS™ INTERNATIONAL RV AIR CONDITIONER**

There’s no better value for true cooling capacity.

The Mach 3 PLUS™ has a powerful compressor with a nominal cooling capacity of 13,500 BTUH and a 320 CFM (cubic feet per minute) or 543.7 CMH (cubic meters per hour) airflow.

- Optional Heater Assembly can be added to provide a source of warm air.

**Important:** It is not the policy of Airxcel, Inc. to size generators for application in recreational vehicles. However, when sizing generators, the electrical power consumption in watts for the entire vehicle must be determined and taken into consideration. Airxcel, Inc. tests all air conditioners in accordance with A.R.I. Standard 250-74.
